A LEGACY OF GIVING

As we celebrate this momentous 150th Anniversary year, I can’t help but reflect on the impact St. Teresa’s Academy has had on generations of young women. It is not unusual to know families who can trace back three or even four generations of women who have attended St. Teresa’s. Nearly 40% of our students today are considered legacy; they have followed in the footsteps of their mothers, grandmothers, aunts, and sisters. For first-generation families, your personal legacy is just beginning!

It is this rich heritage, our legacy, that inherently makes St. Teresa’s Academy the outstanding school we are today. And each year, for the past 150 years, individuals have stepped forward to help ensure we continue in the tradition of educational excellence and empowering young women.

How lucky I am to thank the benefactors reflected in this report and to also recognize with gratefulness the generations of donors who have supported STA throughout our history. It is you who understands the value of giving back by paying forward the gift of education.

Thank you for contributing to the Academy and for being a part of this very special annual report.

Enjoy,

NAN TIEHEN BONE
President

OPERATING BUDGET

St. Teresa’s Academy is committed to fiscal integrity and good financial stewardship. The school enjoys a community of alums, parents, and board members who are committed to its future and financial well-being. Sound financial management of both assets and school operations is a point of accomplishment and pride. The following reflects gross financial totals for the year 2015.

EXPLOR THE TIMELINE

Journey with us as we share details of the school’s celebrated history. You’ll meet the difference-makers, the traditions, and the events that define St. Teresa’s Academy today and position us for the next 150 years.
1941
The cornerstone for Donnelly Hall is laid.

1941
The first classes are held in Donnelly Hall for the college. The college's state-of-the-art building features a Georgian lounge, a library with a forty thousand capacity stack room, a biochemistry laboratory, and a science laboratory. The Home Economics Department includes a modern, furnished apartment, with a model kitchen, dining room, and living room.

1942
Sr. Marie Stephanie suggests that a yearbook would be an impressive addition to the school's activities. After several assemblies with the entire school and faculty, the idea is accepted and the first STA Avila yearbook is printed in the spring of 1942.

1943
For the first time, STA publishes its own newspaper, The Dart, which is named after Saint Teresa of Avila. “So great was God’s love for this humble Carmelite nun, that He pierced her heart with His Divine Love.” This has been immortalized by the Italian sculptor, Bernini, in his Saint Teresa in Ecstasy—an angel ready to strike Saint Teresa with a dart of love.

1944
The class ring evolved through the years. Pictured is a drawing of the ring as it looked in 1946-47.

1946
Sister Olive Louise introduces the school song. It has the same melody as STA’s previous song, but the lyrics have been revised.

1949
Martha Becker is named the first ever Academy Girl. The award is given for religious and moral character, loyalty to STA, and the ability to command, among other attributes.

1955
Due to limited space, 1960 is the last year for boarders in the Music and Arts Building.

1958
Sr. Olive Louise introduces the school song. It has the same melody as STA’s previous song, but the lyrics have been revised.

1960
St. Teresa's Academy opened the 1960-61 school year to a record-breaking number of girls. The enrollment totals 134: 125 freshmen, 83 seniors, 67 juniors, 67 sophomores, surpassing all others in the history of the Academy.

1963
Dr. Martin Luther King delivers his "I Have a Dream" speech.

1966
Students held a celebration that the American two-hour fee was no more. The students marveled at the changes, a change they themselves had helped bring about.

1970
The Academy elects to go to modular scheduling. The division of the day is changed to include eighteen, twenty-minute modules over a two-week cycle.
1966
Students had planned for two years to celebrate the centennial with a float in the American Royal parade, but less than two hours before the parade started, a truck collides with the float on its way to the starting point. 300 enthusiastic STA students march in the parade instead.

1970
The Academy elects to go to modular scheduling. The division of the day is changed to include eighteen, twenty-minute modules over a two-week cycle.

1973
The first Teresian Award for meritorious service and loyalty to STA is presented to Miss Pauline Reardon, dean of students, and Msgr. Arthur Tighe, spiritual director of the Academy.

1981
Groundbreaking for the new multi-purpose building is held on May 1, 1981. Monies for the project are raised through the Heritage Fund, the first capital campaign in the history of St. Teresa's Academy.

1982
Sr. Barbara Verheyen and Tom Goppert admire the multi-purpose building under construction. A gift of $250,000 from Mr. Goppert's grandparents, Mr. and Mrs. C.H. Goppert, and the Goppert Foundation had just been announced to the student body.

1983
The Endowment Scholarship Fund at STA is established with the help of contributions from Mr. and Mrs. Robert Schweiger and the St. Teresa's Alumnae Association.

1984
STA is the first private school to receive the National Excellence in Education Award. Sr. Barbara Verheyen, principal, receives the award from Secretary of Education Terrell Bell. President Reagan speaks at the luncheon.

1988
Renovation of M&A during the summer of 1988 sees the creation of a new chapel on the first floor. The dedication is held on October 1. The chapel is made possible by a gift from Martha Becker Hoadley and Mrs. Arthur Schweiger and the St. Teresan Alumni Association.

1990
The Hubble Telescope is placed into orbit by the United States.

1991
The 125th anniversary of the Academy is celebrated by recreating a country frolic. The campus is transformed into a scene from 1866. The frolic offers something for everyone: an old-fashioned ice cream booth, puppet shows, square dancing, and a real live showdown.

1992
The Academy kicks-off the public phase of the $8 million Bridging Three Centuries Capital Campaign. The Phase I exterior renovations are complete. Additional remodeling of the buildings will continue over the next three summers.

1994
The cross country team captures its second State title.

1995
The Student Council Organizatons surprises the student body with the Christmas gift of Twinks, the school's new mascot.

1999
Fall 1999 sees the total redesign of the school's quad, an expanded parking lot, the demolition of the old boiler building, and the addition of a softball field.

1999
The cross country team wins the State Championship.

1999
The tennis team wins the State Championship.
2000
St. Teresa’s issues the first annual Mother Evelyn O’Neill Award, named for the president of the Academy who was responsible for moving the school from Quality Hill to the present location. The award recognizes a woman from the metropolitan area who exemplifies the core values of St. Teresa’s Academy: excellence in education, community stewardship, social justice, and assistance to the poor.

2000
The Goppert Center is rededicated following more than $2 million in remodeling. Renovations to the facility include air conditioning, remodeled locker rooms, offices, weight room, storage, conference room, and lobby, as well as a new physical education classroom and concession area. The most dramatic addition, however, is the floor-to-ceiling glass window on the north wall of the complex.

2000
Donnelly Hall is rededicated as Phase II of the Bridging Three Centuries Capital Campaign. The $3.4 renovation includes new heating and cooling systems, new plumbing and electrical systems, refurbished and expanded classrooms and laboratories, a redesign of administrative space, and complete handicap accessibility.

2000
The M&A Building is officially listed in the National Register of Historic Places. The structure is noted for its distinctive neo-classic design. St. Teresa’s Academy is recognized as the oldest educational institution in Kansas City.

2002
The varsity soccer team wins its first State Championship.

2003
The soccer team repeats its State Champion status.

2005
Hurricane Katrina strikes the Gulf Coast.

2005
Students dine and converse in the cafeteria, recently named The Commons. For approximately $900,000, the cafeteria underwent renovations that included the addition of a kitchen area, the redesign of the columns, and the raising of the floor in the space that was formerly known as the pit.

2006
By winning the State Championship, the soccer team earns four state titles in five years.

2009

The 2010-2011 school year marks the introduction of a one-to-one laptop program. All students are issued personal laptop computers loaded with the latest software. A wireless campus allows students to conduct research, take online tests, communicate with peers and teachers, and submit assignments from anywhere on campus.

1846
The cornerstone is laid for a brick structure which faces Broadway about halfway between Eleventh (also known as Chouteau Street) and Twelfth Streets. This building is 70’ x 30’ and is erected by Father Donnelly to replace the log structure church.

1857
In a letter to Father Dalton in 1879, Father Donnelly explains that Father Le Roux gifted the church with a bell. This is the bell Father Donnelly gave to the Sisters of St. Teresa’s Convent. The bell is later moved to the current Music and Arts Building in 1910.

Sister Francis Joseph Ivory arrives in Kansas City. Sister Francis Joseph is an important member of the advance team because of her strong physical endurance, education, interpersonal skills, and her ability to speak English. Nuns in habits are a novelty in Kansas City in 1866. Later, Sister Francis Joseph recalls “the people thought we were the circus.”

1868
The St. Joseph statue is given as a Christmas gift to the Academy from the family of Laura Coates, one of the Academy’s first students. Expecting a small classroom statue, Sister is greatly surprised to receive a six foot statue imported from Italy.

1869
The city directory states that St. Teresa’s Academy contains 30 boarders and eleven teachers. An intimate connection was established between STA and the early freighters over the Sante Fe Trail. They were accustomed to leaving their daughters for safekeeping and for advancement in culture within the convent walls. It would sometimes be many months and, in some instances, years before they would be reunited.
1870
The iron gates set into the eight-foot wall that surrounds the grounds are locked every evening. This is not so much to keep the girls in as to keep such undesirable people as Jesse James out. These are the days of shoot-outs in the streets of rough and tumble Kansas City.

1891
According to the 1891-92 Student Handbook, the winter uniform is a black dress and the summer uniform is a black skirt and white blouse.

1882
The Class of 1882 features prominent Kansas City names like Payne, Salisbury, Guinotte, Teasdale, Choteau, Pratt, and Coates.

1885
The graduating Class of 1885 (standing): Eva Gordon, Jennie Connors, Lizzie Brennan; (seated) Josie Cosgroff, Stella Masson, Mary Shine, Katie Gibbs, Margaret Redding.

1883
The Brooklyn Bridge Opens

1891
A pageant takes place in Assembly Hall to celebrate the thirty-fifth anniversary of the school. The students perform a tableau where curtains open to show people frozen in position.

1901
A pageant takes place in Assembly Hall to celebrate the thirty-fifth anniversary of the school. The students perform a tableau where curtains open to show people frozen in position.

1905
The graduating Class of 1905 (standing): Eva Gordon, Jennie Connors, Lizzie Brennan; (seated) Josie Cosgroff, Stella Masson, Mary Shine, Katie Gibbs, Margaret Redding.

1980
The large family residences on Quality Hill are gradually being abandoned as the city grows south. Businesses are being erected on all sides of the Academy and Sister Evelyn O’Neill realizes the need for a new site for the school. In a borrowed horse and buggy she tells the driver to head south. When the property is sighted, Sister said, “That’s it.” She names the place Windmoor for the constant wind blowing over the prairies.

1908
Ground is broken for the new school at 56th and Main by Bishop Hogan on the Feast of St. Teresa.

1908
St. Teresa’s Academy of Quality Hill is the first Catholic school on the affiliated list of the University of Missouri.
2011
The groundbreaking ceremony for the Chapel of St. Joseph and the Windmoor Center is held. Plans for the new building include a 150-seat chapel, four high-tech classrooms, and a beautiful gallery space.

2012
The McDonnell Family Sports Complex is dedicated on March 21, 2012. The new facility, including a track and field, is completed in the fall of 2011. The complex is the result of an urban partnership between the University of Missouri Kansas City and St. Teresa’s Academy.

2012
The Chapel of St. Joseph, named in memory of Jeanne Collins Thompson, a long-time supporter of both Catholic education and STA, is dedicated. The ceremony includes the anointing of the altar and walls, the incensing of the chapel, the dressing and lighting of the altar, and celebration of the Eucharist.

2015
The soccer team wins the State Championship.

2016
St. Teresa’s Academy kicks off a year of celebration marking 150 years of educating young women in Kansas City.

MISSION STATEMENT

St. Teresa’s Academy is committed to the education of young women. We are a Catholic, independent, college preparatory high school sponsored by the Sisters of St. Joseph of Carondelet. The Academy is rooted in Christian values and embraces a diverse student body. We promote excellence in education through a challenging curriculum, personal responsibility, participation in extracurricular activities and an expectation of success.
