

MATH DEPARTMENT

“I dwell in possibility.”

EMILY DICKINSON

MISSION

Our mission is to create a supportive and active learning environment where ALL young women are encouraged to think and act critically and creatively to become problem-solving leaders in an advancing world.

WHAT WE PROVIDE

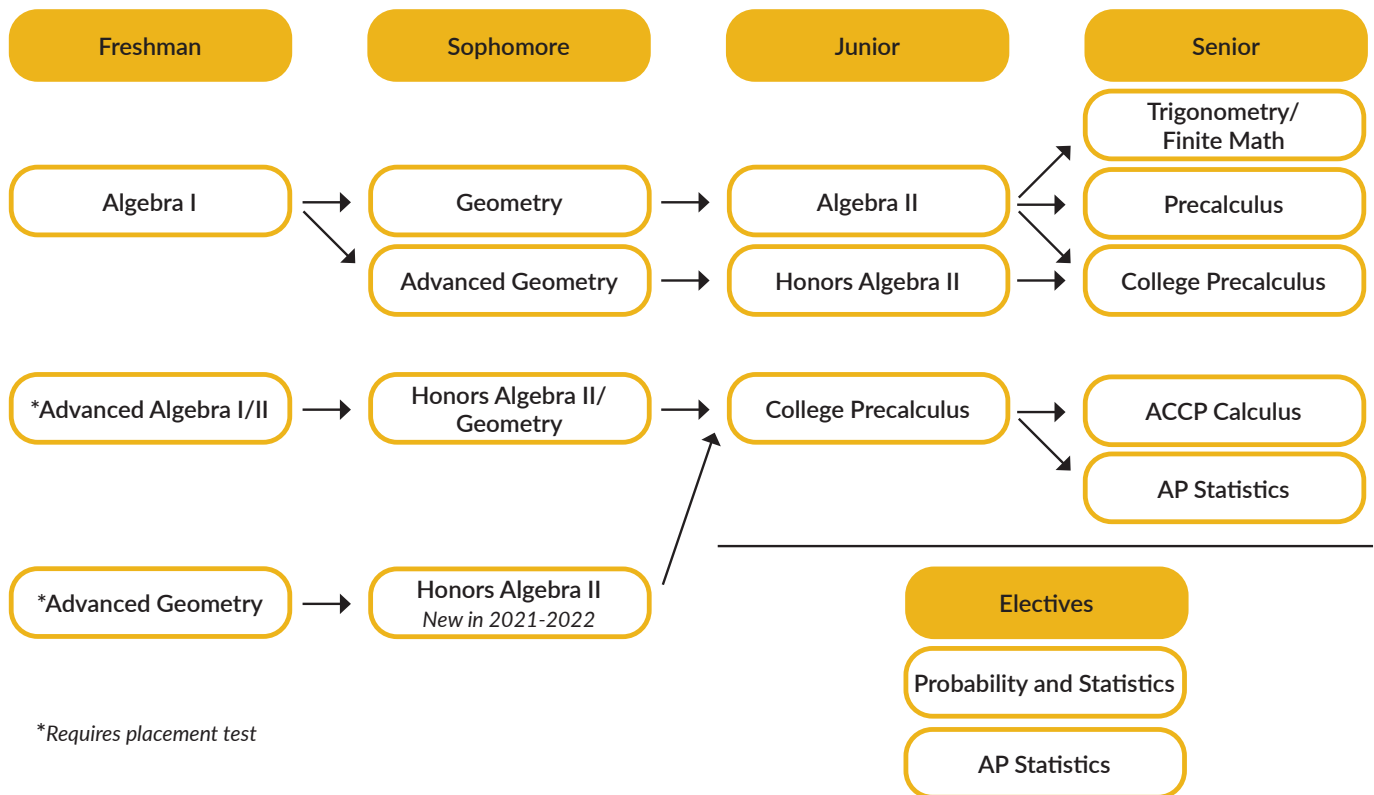

Challenging Curriculum: Tailored to students' needs and designed to prepare each student for the rigor of college.

Math Hub: Interactive student-centered learning atmosphere comparable to a college math resource center. Students can schedule time in the Math Hub spaces to work collaboratively on homework, group projects, or prepare for upcoming assignments.

Math Mentor Program: Develops leadership skills and the opportunity to teach and collaborate with peers. STA junior and senior Math Mentors serve as primary resources for their peers in the Math Hub.

Inquiry-Based Geometry Course: Provides an investigative and discovery-based approach to open-ended questioning and constructive group work.
