Unified Classroom Account Creation

Click the Parent Sign In link to be redirected to the Unified Classroom website.

Scroll down and click Create an Account here.

Enter your information and click Create PowerSchool ID. Then, click Continue to Unified Classroom Sign In to finish registering. If it takes a long time, you may go directly to classroom.powerschool.com.

At the Sign In screen, sign in using the email and password you used to create your account. You will be asked to connect to your student.
If you had a username and password in the old PowerSchool system, you may choose **I have a Username and Password in my District's PowerSchool Parent Portal** and log in using your old username and password. Otherwise, you will need to choose **I have an Access ID**.

There are instructions below for each case.

**I have a Username and Password...**

These instructions will continue using the **I have a Username and Password in my District's PowerSchool Parent Portal** option.

Sign in to your account using your old PowerSchool username and password.

The system will automatically link your students and redirect you to your Dashboard. You are done setting up your account!
I have an Access ID

These instructions will continue using the I have an Access ID option.

Enter your student's name and the Access ID and Password provided to you.

If you have more than one student at STA, click Add Another Student and repeat for your other student. The Access ID and Password will be different for each student.

When you have finished entering all of your students, click Continue. The system will automatically redirect you to your Dashboard. You are done setting up your account!
