

St. Teresa's Academy Website ADA Compliance Policy

At St. Teresa's Academy (STA), we are committed to ensuring that our website is accessible to everyone, including people with disabilities. We strive to provide an inclusive and user-friendly online experience for all our guests.

Our Commitment

STA is dedicated to meeting the requirements of the Americans with Disabilities Act (ADA) and other applicable accessibility laws. We continuously work to ensure our website content and functionality conform, as much as possible, to the standards of the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA.

Measures to Support Accessibility

To ensure our website is accessible, we have taken the following steps:

- Designed our website with accessibility in mind.
- Conducted periodic audits of our website to identify and fix potential accessibility barriers.
- Trained our web content team on accessibility best practices.
- Worked with accessibility experts and tools to maintain and improve compliance.
- Made efforts to provide text alternatives for non-text content, ensure sufficient color contrast, enable keyboard navigation, and maintain consistent and clear structure.

Ongoing Efforts

Website accessibility is an ongoing effort. We continue to review our website regularly to make improvements and updates to enhance accessibility for all visitors.

Third-Party Content

While we strive to ensure full accessibility on our own pages, some third-party content or plugins may not fully conform to our accessibility standards. We cannot control the accessibility of content provided by third parties but encourage them to provide accessible content.

Scanning Consent Unauthorized

We do not authorize or consent to the automated scanning or crawling of our website for the purpose of evaluating accessibility compliance. Any such activity is considered unauthorized and may result in inaccurate or misleading conclusions. We are committed to maintaining an accessible website and take a proactive approach to accessibility improvements, but we reserve the right to manage our own evaluation and remediation processes through trusted tools and professional assessments.
