

Global Scholars – Pamela Leibbert

Pamela Leibbert creates an impact on the STA community by introducing students to Global Scholars. When teaching in class, she likes for her students to have a global awareness of who they are and where they are in the world. Leibbert has a diverse friend group and travels the world frequently. She says being a lifelong traveler helps her understand how people are different, but also see how similar everyone is. Leibberg expresses how she always wants the best for her students so she takes summers to do training and always finds ways to be a better teacher. By travelling, being-open minded, listening to the students, and taking advantage of professional development opportunities she creates a beneficial classroom experience for the STA students.
