Windmoor Literary Magazine

Description:

This group is a staff composed of freshman, sophomores, juniors and seniors. We work to compile an interesting and diverse library of student writing and art, that we then turn into St. Teresa's Academy Literary Magazine. This book, produced annually, is a wonderful showcase of STA's artistic and literary abilities. All design levels of experience are welcome. We meet a couple Saturdays in February and in March to create the theme, layout and design of the magazine, then distribute it to the school on Class Day.
